

Advion Insect Granular Bait Best Practices

Advion® Insect granular bait with the MetaActive™ effect offers the targeted control and reliability of the trusted Advion brand. Its advanced bait matrix is designed to be highly attractive for maximum consumption, which **leads to lower use rates than other exterior granular baits.**

- ▶ **Exterior applications:** perimeter band, spot treatment and bait station placement
- ▶ **Interior applications:** crack-and-crevice, void and bait station placement

Minimum label rates for exterior application	
Ants, crickets, earwigs and other outdoor crawling insects	6 oz./ 1,000 sq. ft.
Cockroaches	1.15 lb./ 1,000 sq. ft.

Exterior Application Best Practices

Use a permanent marker to mark or graduate 6-oz. intervals inside your spreader, which makes visualizing the low ant/occasional invader application rate easier.

Calculate estimate of total sq. ft. of Advion Insect granular bait treatment area

- ▶ Perimeter applications around structure or landscape/mulch areas
- ▶ Spot treatments of non-adjacent landscape/mulch areas, leaf litter, around trees, etc.
- ▶ The sample calculation for treating 500 sq. ft. of lawn, landscape and mulch for nuisance ants is 0.19 lb. (or about 1/5 of the 1-lb. shaker bottle) based on the 0.38 lb./1000 sq. ft. application rate

Apply with a hand-held spreader or with a shaker bottle

- ▶ If using a hand-held spreader, know your spreader setting
- ▶ Calibrate the equipment's application rate based on the equipment's spread setting (apply into a bucket or container and time how long it takes to apply 1 lb. of material at the equipment setting being used)
- ▶ This table outlines specific Scotts® Whirl™ and Scotts® Wizz™ spreader setting calibrations for the product

Spreader	Application rate per 1,000 sq. ft.	Time to walk 50 linear ft. (in seconds)					
		15	20	25	30	35	
Scotts® Wizz™ Spreader	0.38 lb.	3	3	2 3/4	2 3/4	2 3/4	5-ft. application band
	1.15 lb.	3 1/2	3 1/4	3 1/4	3	3	
Scotts Whirl™ Hand-Powered Spreader	0.38 lb.	2	2	1	1	1	5-ft. application band
	1.15 lb.	3	3	2	2	2	
Scotts Wizz Spreader	0.38 lb.	2 1/2	2 1/2	2 1/2	2 1/4	2 1/4	application band
	1.15 lb.	3	3	2 3/4	2 3/4	2 3/4	
Scotts Whirl Hand-Powered Spreader	0.38 lb.	1	1	1	1	1	2-ft. application band
	1.15 lb.	2	2	2	1	1	

- ▶ Sweep material off impervious surfaces and back into pervious surfaces to avoid runoff
- ▶ DO NOT apply directly to surface water or contaminate surface water with runoff/rinse water
- ▶ Personal protective equipment: shoes, socks, long sleeves and pants; avoid contact with skin, eyes or clothing
